The City Council may enter into long term leases, concessions, permits or other agreements (“Agreements”) with individuals or non-City entities, to allow use of public parks for terms of up to 25 years at a time, without voter approval, if the Council determines that Agreement would benefit the community and that the following conditions have been met: (i) the Agreement would enhance the designated recreational purposes for the public park; (ii) the public park subject to the Agreement is more than 5 acres in size and has at least 1 Community Serving Amenity, as defined below; (iii) the Agreement complies with an adopted City Council policy for Long Term Agreements in Parks, which defines community outreach standards, requirements for affordable access to the public park, periodic performance reviews, and early termination rights among other things; and (iv) any funds received by the City from the Agreement shall be used for recreational purposes. A “Community Serving Amenity” is defined as one of the following: Pool, Community Center or Reservable Sports Field or similar recreational improvements in a park and that is described in the City’s approved master strategic plan for parks and community facilities.
